SUBSTANCE OF TELEPHONIC INTERVIEW WITH THE EXAMINER

Sir:

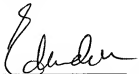

In response to the Examiner's Interview Summary of April 22, 2010, Applicants hereby provide as follows the substance of the telephonic interview with the Examiner in the above-referenced application that took place on April 21, 2010.

1. Applicants first sought clarification of the Examiner's use of the terms "edge" and "seam" in the Advisory Action of March 24, 2010, with respect to the rejection of Claim 1 and the prior art reference Ishigaki.
2. Applicants proposed to amend Claim 1 to substitute the word "edge" by the word "seam," with the understanding that the term "seam" would be interpreted in the manner used by the Examiner in the Advisory Action

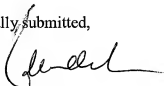

“seam.” Alternatively, Applicants proposed to further limit the term
“edge” to a “continuous edge.”

3. The Examiner indicated that either amendment would raise new issues that would require a new search or a complete review of all prior art references on record.
4. No agreement was reached.

If the Examiner has any questions regarding the above, the Examiner is requested to call Applicant's attorney at 408-660-4149.

Certificate of Transmission: I hereby certify that this correspondence is being transmitted to the United States Patent and Trademark Office (USPTO) via the USPTO's electronic filing system on April 27, 2010.
